Deposits \$1,100,000.00. Over 5,600 Accounts Established 1898

LOST EIGHT YEARS

Family of W. H. Uhles Finally Locates Missing Miner.

Frontenac Man Turns Up Down at Globe, Arizona.

HE HAD MONEY COMING

The Mother Died and Left Small Amount of Insurance.

Identified by a Photograph and the History He Gave.

Pittsburg, Sept. 6.—W. H. Uhles, a well known miner, who at one time lived in this district, and was employed in the mines at Frontenac, has been located at Globe, Arizona, after an absence of eight years, during which time his relatives did not know where he was nor could they ever locate him, notwithstanding every effort was made to do so. When he left home there was no reason for him to disappear in the way he did. He was located through the efforts of attorneys who wanted to settle up an estate left him by his mother when she died.

About two years ago the mother, Mrs. Nancy Uhles, died and left \$1,800 in life insurance. At first the insurance company demanded that W. H. Uhles be found before they would pay the amount of the policy, as he was one of the children of Mrs. Uhles, and came in for his share of the money equally with the others. None of the family knew where he was as he failed to write home after he left. Finally after the matter had been talked over by the insurance people and the other members of the family it was taken into the courts and an agreement reached whereby the policy was paid into the court for the heirs and a division was made of the money and the share of W. H. Uhles was left in escrow with the district clerk for him when he should show up. The family believed that he was dead by reason of the fact that they never heard from him. The money belonging to him was left in the hands of the district clerk and attorneys employed in the case began the work of hunting him up so the matter could be closed. The search was started about a year ago and not until recently was he located and he was then found in Globe, Arizona, or at least the information was received from a party who said he was William Henry Uhles, but that he always signed his name W. H. Uhles. The matter of identification was the next important step to be taken. At first it was suggested by the insurance people and the family that he come to Pittsburg and make himself known, but as the amount involved would not pay him to make the trip, this idea was abandoned and the attorneys in the case suggested that he furnish a good photograph of himself taken as near the time as possible when he left Pittsburg, so that the members of the family could identify him as he looked then and be sure of it. The photograph was furnished promptly and when it was received here it was at once identified as W. H. Uhles. In addition he gave a full history of his family and every member in it which could hardly have been done by anyone except a member of the family, and upon this the money was sent to him and was duly received for. The amount received by him for his share was \$206.

He said that he was doing nicely where he was located and that he was making money and could not return at present.

Strength comes from good food and sickness of any sort often means a lack of the right sort, or failure to properly digest it.

Gracie-Nuts, the delicious scientific food, can be digested by babies, as well as adults and works faithfully for them all.

"There's a reason." Read "The Road to Wellville," in pkgs.

this time for the reason that he could not be spared from his work, but he will probably show up later.

SEARCHING FOR A MURDERER.

Officers and Farmers Looking for the Slayer of Mrs. Martin.

Seneca, Kan., Sept. 6.—The slayer of Mrs. Jacob Martin, wife of a farmer near Beatrice, Neb., who was killed Tuesday, was captured on an eastbound St. Joseph & Grand Island passenger train at Seneca Wednesday, but escaped. The slayer went from Beatrice to Marysville after committing the crime and boarded the St. Joseph & Grand Island eastbound train. His identity became known and word was sent to Sheriff William Dennis at Seneca. Sheriff Dennis and several deputies boarded the train when it arrived at Seneca and arrested the fugitive.

After the prisoner had left the train with his captors he made a dash for liberty. The sheriff and his deputies opened fire on the fugitive and pursued him to a cornfield where they lost track of him. Sheriff Dennis and his men sent for bloodhounds to assist in tracking him. All of the night the search was kept up. Word was sent to all the neighboring towns, and officers were out watching.

When the St. Joseph & Grand Island passenger train passed through Seneca at 4 o'clock Thursday morning eastbound a man answering the description of the slayer boarded it to steal a ride. A message was sent ahead to Sabetha twenty miles further on, and when the train arrived at Sabetha at 5 o'clock a crowd surrounded the train. The fugitive was not on the train. The train was searched at Hiawatha and St. Joseph also. Many officers in Nebraska country are on the watch for the fugitive, and it is believed that he will be captured.

The murder was a particularly brutal one. Mrs. Miller, wife of a farmer, was murdered while her husband was away from the house. A butcher knife was the weapon used. The murderer secured several hundred dollars which was concealed about the house.

A MARION PAPER SOLD.

J. W. Moore, Cattleman and Politician, Purchases the Headlight.

Marion, Kan., Sept. 6.—J. W. Moore, the well known cattleman and politician, who made the race for congress against J. M. Miller in the Fourth district, has bought the Headlight of this city.

The Headlight enjoyed the unique position of being the only Democratic newspaper in Marion county and the future policy of the paper will be looked forward to with interest. Mr. Moore has never renounced Republicanism. He is a strong advocate of tariff reform, the "Square Deal" and also the direct primary.

VAGRANT FINED \$100.

A Leavenworth Judge Gives John Rowley a Severe Sentence.

Leavenworth, Sept. 6.—John Rowley was fined \$100 in police court for vagrancy. This means that he will have to serve 200 days in jail. Rowley was arrested sometime ago for stealing a watch, but got off without being prosecuted. Since that time it is charged that he has been living off his wife who is in delicate health. It is also alleged that Rowley threatened to kill his wife. He was found in a box car Monday night by officers, Mrs. Rowley having asked the officers to locate him. Judge Taylor hasn't a speck of love for a man of this kind.

A LIVELY RABBIT CHASE.

A Dog and a Jack Create Excitement on Junction City Streets.

Last evening about 6:30 there was no end of excitement on Washington street, when a jack rabbit, chased by a dog, made a run through the street.

The rabbit came from the south, and when he got to Sixth street took down the car line track until he came to Eighth street, when he turned west.

The people along the street encouraged the chase, and it was a good race. Several years ago while dogs were chasing a jack rabbit on the reservation, the rabbit and dogs came down Washington street and gave a good exhibition of speed.—Junction City Union.

Injured by Dynamite.

Emporia, Kan., Sept. 6.—A member of the gang of line-men working at Reading for the Postal Telegraph company, suffered a fracture of the right leg by the explosion of a stick of dynamite. He was brought to St. Mary's hospital on train No. 113 at 1 o'clock, and as he was taken immediately to the operating room his name could not be learned. The man does not live in Emporia.

The Arkansas City Reunion.

Arkansas City, Sept. 6.—Word has been received from C. L. Davidson of Wichita, who has a large boom for governor, that he will be here to ad-

Really Important!

All Our Departments Now Bristling With Fall Goods!

It is well worth an hour or two of your time to stroll through our various departments and study the new things for Fall, not only in men's suits and overcoats, but in hats, furnishings, shoes and boys' clothing. The newspapers from time to time have spoken of the "riot of styles" that will prevail this Fall, and they have not overdrawn the facts. dress the reunion crowds on September 18. Senator Long will be here on September 19 and speak in the afternoon. Congressman Victor Murdock of the Eighth district, and Congressman Ed Madison of the Seventh district will both be here during the reunion, but they have not been assigned dates yet.

LAND VALUES INCREASE.

Real Estate in and Around Abilene Bringing Good Prices.

Abilene, Kan., Sept. 6.—Prices on Abilene real estate are advancing rapidly. C. W. Parker bought the lot at the corner of Walnut and Third four years ago for \$800. He moved the house to South side, put it on a lot near his factory and has rented it for \$12 to \$15 a month. He then moved the barn away. Now he has sold the bare lot to J. G. Landes for \$1,700.

W. W. English came here eight

months ago and bought the old Buchanan place north of town. "They told me I bought a poor farm at a very high price," said he yesterday, "but as I kept it only six months and sold it for \$1,000 more than I paid, in the meanwhile taking off \$500 in crops, I have no kick coming."

A. T. Witwer has purchased the Jim Jones farm south of town, no buildings, 55 acres, for \$75 an acre. This gives Mr. Witwer 115 acres of the richest alfalfa land in the country.

OLATHE EDUCATOR DEAD.

B. S. McFarland Dies at the Home of His Daughter in Kentucky.

Olathe, Kan., Sept. 6.—A telegram received by I. O. Pickering, of this city, this afternoon, says that Professor B. S. McFarland died Thursday at the home of his daughter in Millersburg, Ky., where he went on a visit ten days ago. Professor McFarland had been a resident of this city since 1886. He was county superintendent of schools several years and for nearly twenty years superintendent of the school in this city. For the last five years he had charge of the preparatory department in the Agricultural college at Manhattan, Kan., where he expected to return in a few days and resume his place at an increased salary.

Professor McFarland was about 68 years old and leaves, besides his widow, two daughters, Mrs. Jeannette Farr, of Millersburg, Ky., and Mrs. Fred S. Pickering, of Oklahoma.

His body will arrive Saturday morning and will be buried in Olathe cemetery.

Ont 75 Bushels Per Acre.

Hiawatha, Kan., Sept. 6.—Harvey W. Hart has threshed a 13-acre field of

oats which averaged a trifle more than 75 bushels to the acre. This is believed to be the largest oat yield in Kansas. He received \$31.20 an acre for the grain. The cost of planting, harvesting, threshing and hauling the oat will not exceed \$9 an acre. This leaves Mr. Hart a net profit of \$22.20 an acre on land which is worth \$100 an acre.

THAT INCUBATOR BABY.

Adopted Mother Will Not Rest Until She Secures the Child.

Sedan, Kan., Sept. 6.—The case of Mrs. Stella Barclay and Thomas S. McAnany, the Kansas City detective, charged with attempting to kidnap the 3-year-old daughter of Mrs. Charlotte Bleakley, will not come up until next week, as the case has been placed at the foot of the docket. McAnany and Mrs. Barclay have been released on \$1,000 bond each.

Mrs. Barclay is here still. She says that the time she had the child as the adopted mother, she became greatly attached to it and that she will never rest until the child is returned to her. The mother of the baby is in Elgin, where she is ill from the results of the attempted kidnapping. She is firm in her desire to prosecute Mrs. Barclay and the detective.

JOINTS ARE STILL RUNNING.

Wichita Police Make Three Raids and Find Plenty of Liquor.

Wichita, Kan., Sept. 6.—Three alleged jointists were arrested yesterday. They were George Murphy, John Herge and W. H. Walke. All the men are charged with selling intoxicating liquors contrary to law and maintaining a nuisance. They all pleaded not guilty and Tom Arnold signed their bond to insure their appearance for trial in police court.

In Murphy's place the officers found 70

pint bottles of whiskey and a barrel of beer. They also found beer in Walke's place.

In police court Ed Cottrell was found guilty of maintaining a nuisance in the north end of the city, and was fined \$10 and given 30 days in jail. He appealed the case to the district court.

Wichita Building Falls In.

Wichita, Kan., Sept. 6.—With a crash and a roar the back side of the building occupied by the Wichita Manufacturing company, fell in about 5:30 o'clock. A portion of the top floor fell, and knocking the first floor into the basement, pulled the back wall into the ruins. A force of 25 men were at work in the building at the time, but all escaped injury with the

exception of a blacksmith, who was at work on the first floor. The man was pulled from the debris. Dr. Bowers was called to dress the man's wounds. Examination showed that he was not injured internally.

Crushed by the Cars.

Wichita, Kan., Sept. 6.—Edwin McIntyre, a car repairer for the Chicago, Rock Island & Pacific Railway company, was fatally crushed between two cars on a siding here Thursday. He was found by a switching crew soon afterwards, but was unable to make a statement. No one witnessed the accident. McIntyre has been with the Rock Island over 12 years.
